Veneto

Veneto is one of the two traditional regions in Italy for Pinot Grigio.

## Pinot Grigio delle Venezia I.G.T.

Lunardi is part of the Riondo family estate. It's their label for classic whites of the area. They are one of the oldest and most respected producers of the region.

Fresh, crisp, clean and dry. Aromas and flavours of pear and orchard fruits with a good finish.

The brand Lunardi is born from the surname of some of the farmers of Cantine Riondo: it derives from an ancient word meaning 'strong as a lion', which sums up the spirit and tenacity of their wine growers. Combining the senses with an appreciation of the history and culture of its place of origin, Casa Lunardi makes it simple to enjoy the complexity of wine, fusing all the ancestral knowledge of those farmers in these fruity, medium-bodied wines, ideal for accompanying light everyday dishes.

Veneto

## Pinot Grigio delle Venezia I.G.T.

*Veneto - the heartland of the Prosecco region.*

*Casa Gheller is an old historical estate specialising in the production of all Prosecco.*

*Rich a creamer expression of Prosecco with aromas of apples and peaches. A vintage expression that is of high quality that is excellent by the glass but at this price can still be of value in an Aperol Spritz.*

*Venice is the city where the history of the Gheller family begins, and where they have learned to savour the taste of wonder. That same wonder dominated the hills of Valdobbiadene, where they spent the summer to closely follow their agricultural activity. Here they discovered a stubborn soil that is not easy to cultivate but, for this very reason, capable of giving the notes of the cultivated wine a unique expression. Casa Gheller is the link with the land and the desire to transmit traditions to become synonymous with Italian excellence in the world. Within the area of D.O.C. Prosecco, comprising nine provinces between Veneto and Friuli Venezia Giulia, is the historic area of the Province of Treviso where Casa Gheller has its headquarters and has been producing its wines for generations. A perfect combination of mild microclimate and very ancient soils that give Prosecco unique aromatic and sensory notes.*

Sicily

## Nero D'Avola Nebacco

Western Sicily - this warm sundrenched region is dry and perfect for the cultivation of grapes which are perfectly ripened to make rich delicious wines.

C&M are a dynamic young estate run by the two sisters now working in organic practices.

A light to medium bodied wine with rich flavours and aromas of dried red fruits such as cherry, raspberry and plum. The wine is finished with some herbal and spices notes to finish long.

Caruso & Minini, is the story of two families that intertwine and merge when wine makers Stefano, Francesco and Roberto Caruso, meet Mario and Francesco Minini, owners of a marketing company in Northern Italy. Together they build the foundations of Caruso & Minini Estate of the art winery in Marsala in Western Sicily. A new joint venture characterised by tradition and competence, with a look into the future. In fact, today, Stefano is flanked by his two daughters Giovanna and Rosanna who are actively taking part in the daily work at the winery. Management in pink that has brought a breath of freshness among the barrels Giumarella and Cutaja are the names of the family vineyards from where the wines come from.

This land hosts local grapes such as Grillo, Catarratto, Grecanico, Inzolia, Zibibbo, Nero d'Avola, Frappato and Perricone, along with some international varieties. Every single grapevine was planted following the best combination of exposure, soil and climate.

Emilia Romagna

## Sangiovese Rubicone I.G.P. "168"

Emilia Romagna is a great region for the production of all food and wine in Italy. The warm weather allows for great maturation of fruit.

Enio Ottaviani is a leader in the production of wines from Emilia Romagna working very well with Sangiovese.

A fresh fruit driven rustic style of Sangiovese displaying classic red cherry flavours and savoury notes.

This winery began its activity in the early sixties, from the grandfather Tommaso known as "Gnasen", who produced and sold wine on behalf of a local Count. In the early seventies, setting up his own business with his son Enio, he created the current cellar in Montalbano and later, with his sons Loris and Roberto bringing new energies and ideas. Today, implementing modern winemaking techniques, they offer a quality product, which fully preserves all the organoleptic characteristics. Their wines are all from farms followed directly by them and fully reflect the characteristics of the territory. Enio Ottaviani range includes the typical Sangiovese red in the I.G.T., D.O.C., Superior D.O.C. and reserve typologies.

Abruzzo

Abruzzo - a central Italian wine region making fuller style great food wines.

## Trebbiano d'Abruzzo D.O.C.

La Valentina is a reputable producer in the region specialising in all the varieties grown in Abruzzo. They do this range specifically for our group to sell worldwide as great value entry level option of optimal quality.

Full to medium bodies, fresh and crisp with flavours of orchard fruits. Perfect for Chardonnay fans.

Fattoria La Valentina was born in 1990, in the municipality of Spoltore, on the hills near Pescara. Since 1994, Sabatino, Roberto and Andrea Di Properzio, have bought the entire company. Between the vines and the cellar, their work begins in close contact with nature and its fruits. After the first years of study on the Santa Teresa vineyard, the passion for the search for quality and the desire to enhance the DOCs of Abruzzo took over, becoming the main objective of the company. In the history and corporate culture of La Valentina, the theme of sustainability has always been of fundamental importance. The challenge is based on the idea of making the product sustainable by improving its environmental performance, but also in working methods, behaviours and management systems.
